Company Premises

The company premise at **Adicon** is a class apart. The company establishment is equipped with its township under the boundaries of the manufacturing plant along with many organizational facilities. The site is also carefully and methodically planned with plantation to contain pollution and make the establishment eco-friendly.

“

Our striving dedication to innovation has helped us to walk on the paths of continuous research and boosted our infrastructure with advanced technologies.

”

Story Of Brand

“

At Adicon, we are committed to providing an exceptional experience, exemplified by our revolutionary ceramic products that lead the luxury segment of the tiling industry.

”

Adicon and its exceptional offering is a product of vision, demand, and objective of delivering products that add iconic values to the spaces of customers. It is also a passionate endeavor encouraged and inspired by the efforts of sustainability for a better tomorrow.

Adicon believes in delivery experience beyond experience and excellence and thus is bringing to market a revolutionary product backed by innovation, technology, and a pioneering vision.

Technology meets with Advanced TechBot

Color Body S&P Body

Managing Director Message

At **Adicon**, we serve as the compass of innovation and superior quality with our efforts towards inventive product range and services. Our efforts stay dedicated to innovation, excellence, and superior product delivery through our comprehensive and dynamic approach, which enriches the experience of our consumers.

Ensuring to deliver what we promise, **Adicon** is equipped with state-of-the-art technology, highly educated and skilled manpower, pioneering and inventive brains behind products, a self-sufficient infrastructure, a sustainable approach, and a lot more.

Embracing innovation, technology, and quality, **Adicon** is here to deliver experiences!

"Balance suggests a perfect equilibrium. There is no such thing. That is a false expectation. ... There are going to be priorities and dimensions of your life, how you integrate them is how you find true happiness." – Denise Morrison, former President and CEO of Campbell Soup Company

Our Vision

We envision leading and inspiring the premium sector of the tile industry with our inventive approach and revolutionary products. We are inclined to become the pioneer of the premium tile segment with being the first choice of consumers, builders, architects, and a leading example for the tile industry.

Our Mission

Our mission is to add iconic value to distinguished spaces through our revolutionary products. Our ambition to accentuate every premium space with our innovative surfaces. **Adicon** is also dedicated to developing sustainable products that contributed to a better environment and tomorrow.

Core Value

Quality

One of the core pillars of **Adicon's** inception and its fundamentals is exceptional quality and the promise of a remarkable experience through it.

Innovation

Efforts towards innovation and innovative products remain the core value of **Adicon**. Adicon is dedicated to adding iconic value to spaces.

Sustainability

Efforts towards sustainability, eco-friendly products, and production remain to be one of the core values of **Adicon** for a better world and tomorrow.

Company Strength

The strength of **Adicon** lies in its core values and fundamentals along with the brilliant brains behind the brand. The company is proud of its valuable, highly qualified, and greatly experienced team, which is working relentlessly towards innovation and excellence.

Highly advanced technology, infrastructure, and experience of decades also form the exceptional strength of Adicon. Our assets in state-of-the-art technology allow us to deliver something never seen before.
